

March 24, 2020

**To Our Valued Customers & Suppliers:**

It is with good intention to update our customers and supply partners on our status during the uncertainty of COVID19.

According to the Ontario proposed shutdown as of March 24<sup>th</sup> 2020, we are considered an essential service, thus we have not been ordered to close.

We will do our utmost to ensure things run smoothly as we continue to operate and will be relying on our own supply partners to this effect.

We are following all best practices as outlined by the Federal & Provincial Government and will continue to do so with the primary concern being the health and safety of the people that make up CRIDEL's community of employees, clients, and suppliers.

Kind regards,

Management Team

Cridel Thermoset Resins Inc.
